The Entrance Door Collection

The Crafted Scotdoor Collection

A reliable solution for modern and traditional homes

Our immensely popular Scotdoors combine Scandinavian performance with classic British styling.

Known for their durability, stunning colours and variety of panel configurations, these practical entrance doors are an attractive choice for both traditional and modern homes.

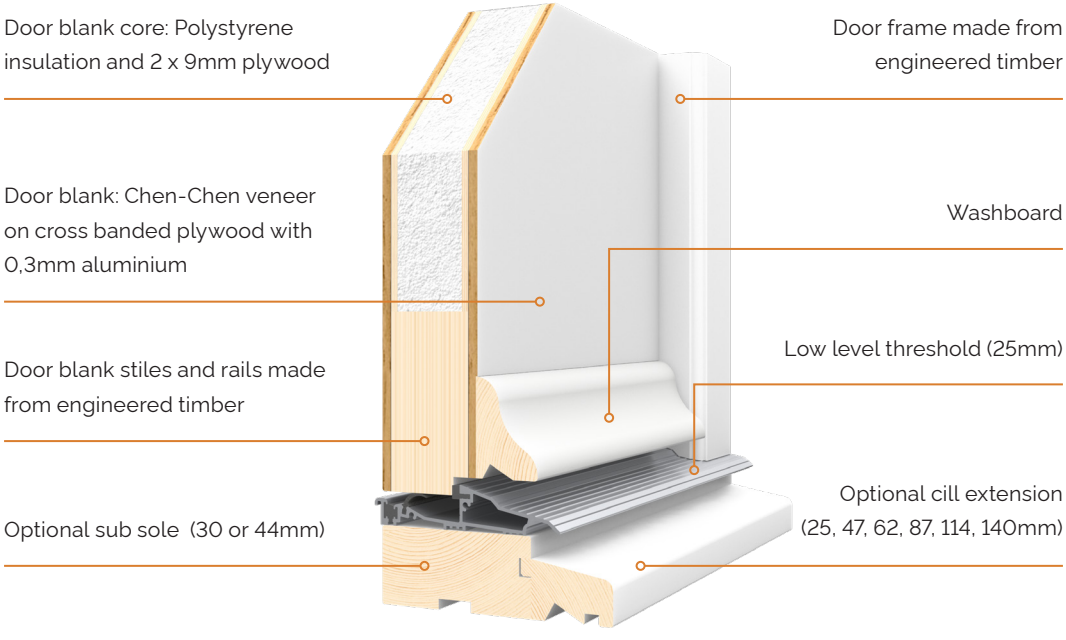

Their robust frames are manufactured from European Redwood or Red Grandis, and the composite door leaf is reinforced with layers of aluminium sheets, engineered timber and polystyrene insulation, finished with a premium timber veneer. This tried-and-tested 'sandwich' design ensures excellent strength, energy efficiency, and resistance to weather and everyday wear and tear.

Our multi-point locking system, PAS24:2022 and Secured by Design accreditation, will also help keep your home safe and secure!

Each door is precision-made, factory-finished to modern building standards, and supplied fully assembled for quick, easy installation.

So, whether you are looking for a traditional replacement or a strikingly bold new look, our Scotdoors will give your home kerb appeal for many years to come.

ANATOMY OF A SCOTDOOR

Crafted Stable Doors

Classic country character with modern craftsmanship

Our beautifully crafted Stable Doors offer timeless style and practical versatility for your home. With their distinctive split design, these doors allow the top half to open independently of the bottom – perfect for letting in fresh air while keeping pets and little ones safely indoors.

The Stable door can be constructed either as a glazed Entrance Door (French door) or as a Timber Composite Entrance door (door blank) construction.

Security Cylinder
Our cylinder is possibly the strongest and best locking cylinder on the market. Designed to withstand every type of attack, the cylinder activates lock down mode when under attack, preventing unwanted visitors from gaining access. The cylinder comes with 3 keys as standard.

Crafted Entrance Doors

Timber elegance with meticulous detailing

Our beautiful timber entrance doorsets combine traditional English craftsmanship with modern levels of energy efficiency.

Drawing on 200 years of expertise in joinery, we have recreated authentic timber detailing with raised panels, traditional mid rails and transoms.

Our doors are available in softwood or red grandis Hardwood. And for added refinement, we offer larger glazed areas and decorative glass to make your home extra special.

Anatomy of a timber door

Door Frame	Width 68mm / Depth 92mm	**Muntin**	108mm
Top rail	108mm	**Bottom Rail**	142mm
Stiles	108mm	**Weather bar**	55mm
Mid rail	142mm* / 162mm**	**Sub soles**	30mm / 44mm
Transom	108mm	**Cills**	25, 47, 62, 87, 114, 140mm

*Standard **Premium only

Jack Brunsdon Design Range

Traditionally crafted for a premium experience

Our Jack Brunsdon collection represents the ultimate in high-end timber door design, featuring traditional joinery and premium hardware.

Manufactured from solid softwood, or red grandis timber hardwood, these meticulously crafted doors maintain elegant proportions with traditional mullions and raised field panels with chamfered edges. The perfectly aligned midrails are slightly wider to accommodate our exclusive hardware collection.

Their slim, single, continuous frame and consistent sightlines allow for fully integrated sidelights reminiscent of the style of Georgian, Victorian, and Edwardian homes and country estates. The effect is stunning.

So, if you are looking for a high-performance, energy-efficient door with character and finesse, this will be the perfect addition to your home!
